Effective 'Leadership' in the project environment is paramount! This presentation will discuss the importance of effective leadership, review key principles of project manager effectiveness, and demonstrate how project management has become an 'International Language of Business'. The presentation discusses key leadership characteristics, the international project environment, and how project management is emerging as a key strategy in the global economy.

PRESENTED BY
FRANK SALADIS, PMP
President of Project Imaginers Inc.,

Frank P. Saladis, PMP, President of Project Imaginers Inc., is a consultant and Instructor within the project management profession and has over 32 years experience in IT, Telecom and project management training environment.
